

May 14, 2024 Implementing a Workplace Violence Prevention Plan Citywide

Join the ASSP Greater San Jose Chapter as we will have Tyler Nguyen, CSP, REP and Dr. Fiona Wilson present on Implementing a Workplace Violence Prevention Plan Citywide for the City and County of San Francisco.

About the Presentation

SB 553 was signed into law for 2023 and becomes effective on July 1, 2024.

It requires all employers (> 10 employees) to establish, implement and maintain an effective workplace violence prevention program (WVPP). The WVPP has many similar expectations of the IIP, and can be embedded within the IIPP.
