

# WISE

Women in Safety Excellence

All,

Welcome to the ChapterWise of ASSP Greater San Jose! In case you are interested, we have a brand-new WISE group at the GSJC Chapter. WISE stands for Women in Safety Excellence. But do not let the name fool you – WISE welcomes anyone interested in the advancement of women in Safety Engineering, Safety Management, Industrial Hygiene, and other safety related positions.

The GSJC WISE Group has two main focuses: 1) Professional Development through speaker presentations and facility tours; and 2) Community Involvement. The best way to keep up to date with WISE is to check out our Chapter Webpage.

Here is what's coming up soon:

- September 24, 2024, ChapterWise Updates – Society status and planning events
- October 3-17, 2024, Society of Women in Engineering Judging Collaboration
- November 20, 2024 – Friendsgiving online- Registration on time TBD
- December 20, 2024, Holiday Charity, and Scholarship – Sponsors invited.
- March 2025, WISE Lounge at the Bay Area Safety Symposium – Volunteers from the Chapter invited to sign up now. Sponsors invited.

WISE Women, WISE Guys and guests are always welcome to attend our local meetings and events. We hope to see you there!

Kind regards,

**To promote, inspire, and strengthen women in the safety profession. | [www.assp.org/WISE](http://www.assp.org/WISE)**
